

**Winter Term Course Drop Deadline and Course Withdrawal (W) Period:
Dates Will Be Extended**

Communication from the Executive Committee of Senate

March 8, 2018

According to previously communicated sessional dates:

- the last day students were able to withdraw from an undergraduate Winter term course without receiving a grade was March 9, 2018.
- the time frame that students could withdraw from a course and receive a transcript notation of W was scheduled from March 10 to April 6, 2018.

Due to the labour disruption that began on March 5, the Executive Committee of Senate has determined that **these dates will be extended**.

New dates will be announced as part of a comprehensive set of options for completing courses that will be announced shortly.

Note:

- the extension applies to Winter term courses only
- there is no adjustment for Faculties for which the Winter term drop date fell prior to March 5
